

GD 5

Battery-Operated HEPA Backpack Vacuum

- for portable cleaning applications

Rechargable, Portable Vacuum Solution

- designed with comfort in mind

Nilfisk GD 5 battery backpack vacuum offers a complete battery operated solution with best in class upstream HEPA filtration. With the user in mind, the GD 5 delivers long runtime, fast battery charge and easy to maneuver, lightweight design.

This machine is ideal for use in light industrial settings, aerospace, general cleaning and transportation industries. Optimal performance with boost function adds suction power for heavy-duty cleaning areas.

Features and Benefits

- Upstream HEPA filtration
- User-friendly features such as tool storage and easy to access on/off switch
- Lightweight, compact design
- 60 minute runtime
- 1,000 full charge cycle battery service life
- Wide range of available accessories to meet any application need
- Low sound pressure level for cost-effective daytime cleaning

Note: Nilfisk GD 5 Battery Back Vacuum is not recommended for the collection of combustible dust.

Technical Specifications

Description	Unit	GD 5
Type of Power	-	Battery
Run Time; Power/Economy	Minutes	30 / 60
Charge Time (up to 90%)	Minutes	Less than 40
Power @ 60 Hz, max.	HP (W)	.87 (650)
Waterlift; Power/Economy	in. (mm) H ₂ O	52 (1321) / 35 (889)
Airflow; Power/Economy	CFM (L/min)	57 (1614) / 46 (1302)
Li Battery Capacity	Ah	7.8
Paper Bag Capacity	gallons (L)	1.32 (5)
Upstream HEPA Area	ft ²	4.20
Inlet Diameter; Lid/Hose	in. (mm)	1.5 (38) / 1.3 (32)
Dimensions (L x W x H)	in. (mm)	9.5 x 13.0 x 30.0 (241 x 330 x 762)
Weight (vac only)	lbs. (kg)	11.7 (5.3)
Weight (with battery)	lbs. (kg)	17.6 (8.0)
Protection Class	-	IP20
Sound Pressure Level; Power/Economy	dB(A)	65 / 60
